

# ACTIVE ANTS

## After School Activity Program

### PROGRAM OUTLINE

- Active Ants is a therapy group aimed at supporting children to develop the skills required to engage in after school activity opportunities
- The group will focus on developing the social and coordination skills required to successfully join in after school sport and activity programs
- Sessions are run on the mini-courts at Diamond Valley Sports and Fitness Centre
- Parents may volunteer to support the sessions but are not required to do so
- The group will be supported by an Occupational Therapist in consultation with local sporting organisations

### COST

**\$58.53/session**

- Participants in the NDIS may be able to use their NDIS Plan to cover the group costs if they have one of the following line items included in their Plan:
  - Group Therapy: 15\_044\_0128\_1\_3
  - Specialised group early childhood interventions 15\_039\_0118\_1\_3
- Helping Children with Autism and Better Start programs may also be used
