

# LEGO CLUB

## **COST:**

**\$58.53/session**

- Participants in the NDIS may be able to use their NDIS Plan to cover the group costs if they have one of the following line items included in their Plan:
  - Group Therapy: 15\_044\_0128\_1\_3
  - Specialised group early childhood interventions 15\_039\_0118\_1\_3
- Helping Children with Autism and Better Start programs may also be used
- Medicare rebates may also apply for those without an NDIS Plan or FaHCSIA funding

## **PROGRAM OUTLINE**

- Lego Club is aimed to support children in Lower Primary school to develop their social skills and fine motor skills through the medium of Lego and other construction materials
- The program will be based on the concepts within the Lego Therapy framework, whereby small groups of children work together on a group project communicating and negotiating to achieve a shared goal
- The group will be facilitated by an Occupational Therapist, in consultation with a multi-disciplinary team
