

# ON THE MOVE

## Gross Motor & Communication group

### PROGRAM OUTLINE

- On the Move group is designed to support children from birth to 3 years to develop their movement and communication skills
- The group will be play-based, incorporating gym equipment, musical experiences, people games and sensory exploration
- Parents will be involved at all times, strengthening their skills in engaging with their child to develop their movement and communication potential
- The group will be facilitated by an Occupational Therapist or Physiotherapist, in consultation with a Speech Pathologist and multidisciplinary team

### COST

**\$58.53/session**

- Participants in the NDIS may be able to use their NDIS Plan to cover the group costs if they have one of the following line items included in their Plan:
  - Group Therapy: 15\_044\_0128\_1\_3
  - Specialised group early childhood interventions 15\_039\_0118\_1\_3
- Helping Children with Autism and Better Start programs may also be used
- Medicare rebates may also apply for those without an NDIS Plan or FaHCSIA funding
