

SOCIAL BUTTERFLIES

School-Aged Social Skills Group

PROGRAM OUTLINE

Social Butterflies is a social skills group program for upper primary school girls. This program builds on the teaching from Social Caterpillars and is designed to help girls to extend their thought processes in challenging social situations. Social Butterflies teaches advanced social skills, focusing on problem solving, flexible thinking and the principles and practice of social thinking strategies utilising the *SuperFlex* framework and concepts. The group will be facilitated by a Speech Pathologist or Occupational Therapist in consultation with a multidisciplinary team.
